The Sonoma Collection provides the flexibility, enhanced utility and the attention to detail that render a friendly and nurturing environment.

Sonoma Wardrobes exemplify the attention to detail that can turn a small space into a usable and enjoyable place to live. Ventilation reveals double as a locator for Sonoma Hanging Accessories. Interior door hooks provide a place to assist residents with daily clothing selection. A range of models provides a different mix of hanging, folded or drawer storage to better reflect the needs of men and women. All of these features come together in the Sonoma Collection to offer people improved utility and to support the human spirit.

Specifiers will find the Sonoma Wardrobes are modular and align dimensionally with Sonoma Dressers and Bookcases to minimize the footprint and maximize the available space in the room. All Sonoma furnishings are elevated off the floor to simplify housekeeping and improve infection control. A range of finish options and fascia profiles compliment the transitional styling and render a friendly and nurturing environment. stom options are also available on a project basis to support the specific culture and needs of a facility.

Commercial Hinges

Cabinet doors are fitted with commercial quality hinges that provide 170 degrees or full opening.

Safety Garment Rail

All Wardrobes feature a J-style garment rail for added safety and peace of mind.

Locks (Optional)

A lock can be provided on the top drawer. Key alike and master key options are available.

Drawers

Drawer interiors are polymer wrapped and are stain and moisture resistant.

Safety Garment Hook

Wardrobe cabinets offer additional hanging storage with a safety garment hook.

An Anti-Tip Security Kit is available and is recommended for added safety.

GCLWD03

Two Door Wardrobe Cabinet with full height hanging storage and large adjustable shelf storage. Shown in Shaker Cherry with Linear fascia profile.

Features and Benefits

Tops

The top of each cabinet is constructed of high pressure laminate with a color matched 3mm polymer edge providing a durable, stain resistant and easy to clean surface.

Accessories (Optional)

A variety of accessories including safety mirrors, garment hooks and external hanging accessories are available to personalize the wardrobes and provide additional utility.

Shelves

Wardrobes are fitted with a combination of fixed and adjustable shelves to provide flexibility and superior structural integrity.

Legs

The legs are constructed of heavy duty aluminum extrusions and provide superior structural integrity due to the continuous attachment along the full length of the cabinet's frame. The legs are finished in color coordinated and environmentally friendly powder coated epoxy. Custom colors are available on a project basis; consult your GlobalCare Representative.

Drainage

A drainage reveal is provided at the front of the wardrobe base so that mishaps are quickly evident to housekeeping staff. The reveal is fitted with a polymer liner for durability and easy cleaning. The drainage reveal works with the upper ventilation openings to promote proper airflow in the wardrobe.

Top Fascia

The top fascia is available in four attractive transitional styles and acts as a guard to prevent small objects from rolling off the back of the wardrobe and out of reach. A fascia at the bottom of the wardrobe is provided in a matching profile.

Ventilation

Ventilation openings are provided at the top of both side gables to promote airflow. The ventilation openings also provide the attachment for the hanging accessories. All of the ventilation openings are fitted with a polymer liner for durability and cleaning.

Doors

Each wardrobe door is fitted with three commercial quality hinges that are fully adjustable and provide 170 degrees of opening.

Handles

Five handle options are available in coordinating finishes. All handles deliver minimal interference, gentle contours and generous hand clearance to accommodate people with reduced vision or limited motility. Custom handle options are also available on a project basis; consult your GlobalCare Representative for more information.

Chassis

The chassis panels are fully captured along the entire length of the aluminum leg framework providing superior strength and structural integrity.

Glides

Glides on all four legs are height adjustable to ensure that the top surface can be levelled or slightly angled back towards the rear fascia to reduce the potential of small objects rolling off the top and out of reach.
